Atos Boot Camp

July 18-22, 2022

Dear students,

This year, Atos is hosting a new and special event. We are pleased to announce the launch of our Atos Boot Camp, the first Atos immersive free training open to all students who are eager to learn more about our technologies and digital services.

Save the date! This event will be held from **July 18 to 22, 2022**.

Who can participate?

- Primarily Bachelor and Master **students related to Technology**
- Other students showing an interest in Digital and Technology-related topics.

What is included in the Atos Boot Camp?

- A **1-week training** on five core topics of Atos: Data Intelligence, HPC, Cloud, Cybersecurity and Decarbonization
- Interactive materials, videos, real-life application business cases and quizzes
- **Live sessions** with Experts and Atos Graduates & Interns
- An international environment, online and **free of access!**
- A **certificate of completion** once you've validated 2 days of the training.

What are the benefits for you as a participant?

- An access to unique content, **created by our experts**, just for this event
- The opportunity to **network** with international students and with Atos partners
- The opportunity to shine and **get noticed** by our recruiters for your skills, your curiosity and your ability to approach our core topics and values.

Come discover our values, people and activities and join the international event. Through this program, if you like, we will support you to **spark your career and make a difference every day**.

Registrations are now open!
